7:45 pm - 9:30 pm:

The Celebration

Desserts + Cocktails
Live Music + Dancing

TO *our* COMMUNITY

The IIDA Columbus City Center wants to express our gratitude for your participation in the 2023 Columbus Interior Design Awards. It is our pleasure to continue the celebration and applaud the exceptional talent within our city. However, none of this would have been possible without your support and the generous giving of our manufacturers, distributor partners, and A+D firms.

Thirty-five sponsors eagerly reached out to express their support and excitement for the IIDA Awards program. Such an immediate and gracious response is evidence of our remarkable design community. We are most grateful.

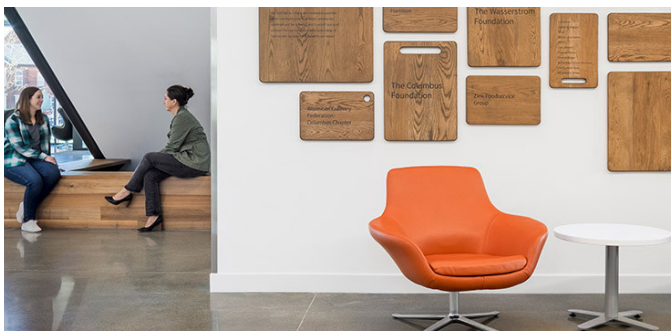

We look forward to celebrating with you all again next year at our IIDA OHKY Chapter Design Awards hosted in Cincinnati.

Many thanks,

Kassi Sturgill & Ashley Williams

Kassi Sturgill & Ashley Williams
IIDA Ohio Kentucky VP of Public Relations &
IIDA Columbus Interior Design Awards Chair

OUR VENUE

Designed by DesignGroup in 2019, the new School of Hospitality Management and Culinary Arts provides a state-of-the-art facility that matches the excellence of Columbus State's nationally recognized culinary program. The facility includes 11 teaching kitchens and labs, a 90-seat teaching restaurant, a 40-seat student-staffed bakery, a 100-seat culinary theater, a 400 seat conferencing space, classrooms and other support spaces.

The building is designed around a "Culinary Hub", a central forum around which all program is arranged. High intensity culinary activity spaces located around the hub are on display. The building is designed to encourage collaboration both in an out of the classroom, with features such as unique informal learning "Collabridges" that span the culinary hub. Spaces are also designed to amplify the hospitality aspect of the curriculum by providing students with opportunity to serve as ambassadors to visitors and students from other programs.

Thank you to Columbus State for hosting this event!

DESIGN AWARDS JURY

Lead Juror

FABIOLA CATALAN

CID, NCIDQ, LEED AP ID+C, IIDA, ASID

Fabiola Catalan is an award winning Senior Interior Designer at DLR Group with over a decade of experience.

Her design philosophy prioritizes beauty, functionality, equity, and sustainability in all her projects ranging from workplace, mix-use, multifamily housing, hospitality, and K-12 education. As an Office Design Leader, she encourages her teams to focus on human-centered design that brings a positive impact to the users. She recently was recognized as a 2021 ASID Ones To Watch Scholar.

DESIGN AWARDS JURY

Juror

SERGIO MONDRAGON,

CID, NCIDQ, LEED AP ID+C, Leed Green Associate, IIDA

Sergio Mondragon is a Mexican American designer with an ambition in creating storyed-conceptual based spaces and crafting objects by hand. Lead Senior Designer at the world renowned and most admired design firm, AvroKO, Sergio is crafting spaces for local clientele and changing the face of hospitality with a unique perspective locally and internationally. Named Designer to Watch 2022 by ASID, his primary interest in forward-thinking design while linking concept, experience and space in a industry that been challenge to think differently to find solution for racial justice, community building and unique perspective.

Juror

STEPHANIE L'ESTRANGE

CID, IIDA

Stephanie brings a depth of knowledge with 30 years of experience gained from extensive work on complex projects. She is highly organized and has the ability to understand the impact of design decisions on budget and schedule, allowing time to address them early and manage expectations. A critical thinking strategist, her creative skills allow analysis of building challenges from differing viewpoints, leading to successful solutions. Her involvement includes assessment of building conditions, brand campus settings, ensuring design integrity and adherence to the client's vision.

SUBMISSION CATEGORIES

ENGAGE - Projects that contribute to cultural and community value through spaces such as arts, humanities and performing arts centers, places of worship, governmental or civic purposes.

HEAL - Projects that promote health and well-being and consider physical, mental and emotional effects on building occupants. These spaces include hospitals, places for physical rehabilitation, recovery centers, primary care

LEARN - Higher Ed - Higher education projects in public and private institutions. These spaces include classrooms, outdoor learning environments, libraries, student commons, performing arts, labs, housing, & athletic facilities.

LEARN - K-12 - K-12 school projects in public and private institutions. These spaces include classrooms, outdoor learning environments, libraries, student commons, performing arts, labs, housing, & athletic facilities.

LIVE - Residential or commercial projects that encompass areas in which a person resides. This includes projects for single-family dwellings that utilize innovative design strategies, projects for multi-unit dwellings that connect people and place to create high performance communities, and projects that offer short or long-term care and lodging for the elderly population that enhances the lives of the residents while providing healthcare support.

SUBMISSION CATEGORIES

PLAY - Projects that focus on hospitality, restaurant and retail environments. These can include projects that focus on spaces with overnight accommodations including hotels, motels, hostels, resorts, etc. Projects can also focus on amenity spaces within the hospitality industry such as restaurants, spas, retail & event spaces to enhance and promote an exceptional guest experience.

WORK - Commercial office projects that are in the above allocated square footages, which help a corporate organization foster innovation, productivity, & employee happiness & engagement. These spaces help to embody & promote the company's culture through the design of the built & experienced work environment.

CREATIVE INSTALLATION - This award is created to recognize Manufacturer's Representatives & their crucial role in the design industry. This is an opportunity to highlight a unique application product in a single space. This award will strictly be given to a Manufacturer's Representative who is an IIDA member.

PEOPLE'S CHOICE - Over 4750 votes were cast on the judgify platform from 9/15 to 9/27 for the project most preferred designers in our region.

ENTRY CATEGORIES - The jury will evaluate all projects based on the aesthetic, functional, contextual, social, and sustainable characteristics of the design. All evaluations will be based solely on the information contained in the submissions. The jury will not visit projects. The jury retains the right to award multiple awards within each category. The jury reserves the right to break out subcategories within larger categories based on the quantity and caliber of submitted projects.

STUDENT AWARDS

Active students throughout the IIDA Columbus City Center were invited to submit project entries for recognition. Students submitted written statements as well as visual imagery for jury consideration.

Entries were evaluated on overall design excellence, creativity, technical ability, and presentation and flow of work. The student's year and experience in school was taken into account when evaluating submissions.
