

Katherine is truly a force within IIDA and her career. From her time at the Columbus city center in the Philanthropy role to her time as city center director, and now as the chapter director of finance, she has been essential in efforts to progress the Ohio Kentucky chapter. She keeps the Chapter moving in the right direction while providing organized, intelligent, and thoughtful insights to work through budgeting, event planning, and sponsorship throughout the year. She is a natural and steady leader, and an integral part of the chapter comradery and community as well!
